AGREEMENT

This Agreement, Made this 17th day of December 1915

by and between the TWIN FALLS CANAL COMPANY, an Idaho corporation,

party of the first part, and

E. L. Green

Bull Ida

party of the second part, witnesseth:

Whereas, the following described land, to-wit: the East 1/2 of the NW 1/4 and
the SW 1/4 Sec 18 - Tp 9S - R. 15 E 3m

in Twin Falls County, Idaho, is at present being injured by seepage; and, whereas, the first party is about to bore one or more wells on or near said land under the direction of W. G. Sloan, a drainage engineer, for the purpose of determining the effect of such wells in draining said seeped land;

Now therefore, in consideration of the premises, it is hereby agreed:

(1) That the first party may at its option and under the direction of said engineer bore one or more wells on or near said land, the number, size, depth, character, and location to be designated by said engineer, that the first party shall have the right to enter on said lands and do and perform any and all things reasonably necessary in the judgment of said engineer in the ~~exercise~~ exercise of said work.

(2) The cost of boring said wells shall in the first instance be borne by the first party; but, the second party agrees to reimburse the first party to the extent of Seventeen dollars (\$ 15⁰⁰) per acre for any and all lands drained, the number of acres, if any, to be determined by the said engineer.

(3) It is understood that the first party does not in any wise admit or acknowledge that the seepage hereinbefore referred to or any part thereof, is the result of any neglect or other act or omission on the part of the first party, or that it is in any wise responsible for same, or that the first party in any wise admits or acknowledges a liability on account of same, or liability or responsibility to install the said or any system of drainage, or the right to second party to damage.

(4) It should be understood that should a flow of water be obtained by reason of said well, the same shall be subject to the use of the first party for irrigation, and second party will grant to the first party a free easement and right of way for ditches or waterways necessary to carry said water to the place or places desired by first party in order to utilize or dispose of same.

In Witness Whereof, the first party has caused the same to be executed by the hand of its secretary; and, the second party has set his hand the day and year first above written.

6² Sec⁴ 24 W⁴ 8² 18-7-15.

On the east half Sec⁴ 24 were 2 wells have been drilled and the following tile laid:

8"	10"	12"	15"
1860 ft	112 ft	164 ft	3200 ft

16¹ acres drained

On the Sec⁴ 24 there are 18 wells and the following tile laid:

6"	8"	10"	12"
314 ft	1100 ft	1320 ft	426 ft

15³ acres drained

This work was done 1916-1917. It was found that the work done during 1916 was not extensive enough to satisfactorily drain the land - during the summer of 1917 we drilled more wells and laid tile to them. This gave immediate relief but whether it will be permanent or no we are not able to determine at present.

Render tile for 31¹/₂ acres @ 15° - 471°
