Ruth Pierce SIEDO, a couple years ago we met and discussed the assessment and you were given a schedule for the next 5 years. Each year it increases 4 %. The 2009-2010 invoice was short by \$250.00. Your budgeting is done prior to the invoice being sent out so it was paid off the prior years invoice. Commissioner Urie we need a budget request not an invoice, which we now have. Commissioner Mikesell made a MOTION to pay the additional \$250.00 to SIEDO. Commissioner Kramer I want to wait until we talk to Kristina and see if we have money in the budget first. Motion died for lack of second. Commissioner Urie we will discuss and make a decision based on the Clerk being able to find the money in the budget.

The Commissioners and Jan Rodgers from SIEDO also discussed the possibility of an Economic Development person for the rural communities of Twin Falls County. Commissioner Mikesell I have advocated the Economic Development person and I think we should talk to those affected communities and see if the interest is there. We need to be proactive with our smaller communities to help them grow. Commissioner Kramer I see that there are already people doing the same thing and I am not sure if it is necessary. Jan Rodgers those people are not completely invested in these smaller communities. This money is dedicated to the rural communities and needs to be applied for very soon. This is investing and is important in these difficult economic times. These smaller communities have tremendous potential but do not have the time or resources to prepare their communities for expansion. We want to help them to grow. Commissioner Kramer the grant is not that big compared to the amount that we would have to put in. Commissioner Mikesell I think it is a priority and we need to talk to our partners and see if they want to come in.
