In the Matter of JAIL

Commissioners considered a Memorandum of Understanding for an addictions counselor in the Jail.

Mark Brunelle, Research and Development, we sat down the Jacie and Captain Hughes in the Jail. We outlined how it would work. Both parties understand how this addictions counselor would work. This is our attempt to have it in writing so both parties know what's going on. It's between two departments within the County. It's been through legal and we should be pretty much set. Captain Hughes has not seen the finished project. I sent it to the next in command and didn't see anything back. It does reflect all of the elements he wanted covered.

Commissioner Kramer motioned to sign the MOU for addictions counseling at the Jail with ourselves. Second Commissioner Urie. Discussion. In the Matter of CONTRACT

Commissioners considered a lease maintenance agreement for Assessor's Office.

Gerald Bowden, Assessor, in the mapping department we have an old scanner and copier that we took as far as we could go. We are wanting to replace it. They had a demo machine that was one year old and we would like to lease it for four years. Leasing has its advantages because if you have problems with it you can upgrade. It will cost \$7,000 for four years. At the end of four years we can residual it and buy off to own it or send it back. There is a maintenance contract on that. It is in our budget.

In the Matter of FISH AND GAME

Fish and Game introduced the new regional supervisor, Jerome Hansen. He has already made some positive changes and is going to be a good addition to Twin Falls County and the Magic Valley.

Mr. Hansen this year with all the economic concerns we all have it's problematic to discuss an increase in anything. I think we are different and we do have broad support for our fee increase for our department which is primarily funded by license and tags. What we are proposing is a 15% increase in license and tag fees and permits. It's not across the board 15 it is differential. Non resident proportioning will get hit more than residents. We received an increase four years ago which was our last one. We went to the Legislature and asked for a 14% increase and it got trimmed back to 10. We went again two years ago and were denied. We need a fee increase and despite of the tough economic times. We've cut back from 20 to 15. Part of the rationale was salary increases and gas has come down. There will be no salary increase this year. The other point is fishing and hunting are big economic boosters to the state and to local communities. We estimate hunting and fishing bring in over 800 million annually to local economies. I've included a blank support letter in the back of the packet. If the Commission could sign one from the Commission that would be great and we would appreciate it.

In the Matter of TAXES-BOARD OF EQUALIZATION

Commissioner Mikesell motioned to leave Board of County Commissioners and reconvene as BOE. Second Commissioner Kramer. Motion passed.

LaPosada

Gerald Bowden, Assessor, an application was filed on these parcels. The owner of this property has filed under the provision of 63-602C fraternal organization. We've had legal look at this and they seem to qualify. We did an inspection of the property on January 9th. They are functioning. On January 22nd I talked to Paul Smith, a board member by phone, he informed me they purchase the property June 30, 2008 and they had to do a lot of work. They opened for business November 1, 2008. I don't see any problems with them qualifying. I would recommend this parcel's qualifying dated would be November 1, 2008, subsequently qualifying it on January 1, 2008.

Commissioner Mikesell motioned to approve all tax exempt status presented to us today including La Posada. Second Commissioner Kramer. Discussion. Commissioner Kramer I have reviewed

each short form and they appear to be up and running. La Posada serves a portion of the community that is under served. Motion passed (Urie absent).
